BUILDING UPGRADES AT ALTONA GREEN PRIMARY SCHOOL

Altona Green Primary School will soon have important new works undertaken, thanks to the Andrews Labor Government.

Member for Altona District Jill Hennessy today announced the upgrade, with \$4100 allocated for the supply and installation of three flagpoles.

The Andrews Labor Government is working to strengthen community pride in schools and build the Education State so that every Victorian student gets the opportunity for a great education and every community has access to a great school.

The project is part of a \$3.8 billion investment by the Government to improve classrooms, upgrade facilities and build new schools.

The school building boom has delivered more than 1,300 school upgrades and 70 new school projects across the state, supporting more than 5,000 construction jobs for Victorians.

For further information about the Government's record school construction and upgrade program visit the Victorian School Building Authority website: www.schoolbuildings.vic.gov.au.

Quote attributable to Member for Altona District Jill Hennessy

"We're upgrading schools across Victoria so families can know that no matter where they live they can access a great local school the whole community is proud of."

"This upgrade is about more than giving Altona Green Primary School students the school facilities they deserve – it's about helping build community pride in a great local school."
